Vista Gold Corp. Announces Option Agreement on the Guadalupe de los Reyes Project

DENVER, April 15, 2014 /[PRNewswire](#)/ -- Vista Gold Corp. (TSX & NYSE MKT: VGZ) ("Vista" or the "Company") today announced that its subsidiary, Minera Gold Stake, S.A. de C.V. ("MGS"), has entered into an agreement (the "Option Agreement") to option its interest in the Guadalupe de los Reyes gold and silver project in Sinaloa, Mexico (the "GdlR Project") to Cangold Limited ("Cangold").

Pursuant to the terms of the Option Agreement, Vista has granted Cangold the right to earn a 70% interest in the GdlR Project by:

- making payments totaling US\$5,000,000 in five payments over a three-year period, with payments totaling US\$1,000,000 in the first year (US\$150,000 of which was paid at signing), US\$1,500,000 in the second year and US\$2,500,000 in the third year;
- operating the GdlR project, maintaining the concessions comprising the GdlR Project in good standing; and
- fulfilling all of the obligations of MGS, Vista's wholly-owned subsidiary, to the Ejido La Tasajera (the "Ejido") as set out in the temporary occupation contract between MGS and the Ejido.

The Option Agreement provides that all cash payments are non-refundable and optional to Cangold, and in the event Cangold fails to pay any of the required amounts on the scheduled dates or fails to comply with its other obligations, the Option Agreement will terminate and Cangold will have no interest in the GdlR Project. Provided it is not in breach of the Option Agreement, Cangold may at its discretion advance the above payment schedule and exercise the initial option for a 70% interest in the GdlR Project any time during the three-year period.

Subject to Cangold earning a 70% interest in the GdlR Project, Vista has granted Cangold an additional option to earn the remaining 30% interest in the GdlR Project by notifying Vista of a production decision and by making a cash payment to Vista of US\$3,000,000 plus an

additional cash payment based on a formula that includes the growth, if any, in estimated NI 43-101 Measured and Indicated mineral resources of the GdlR Project, and the then prevailing spot gold price ("Escalator Payment").

Should Cangold determine not to put the GdlR Project into production, the Option Agreement provides Vista with the right to buy back Cangold's 70% interest in the GdlR Project for a cash payment of US\$5,000,000 plus the Escalator Payment described above. If Vista does not exercise its buyback option, Vista will still retain a right of first refusal should Cangold elect to sell its 70% interest in the GdlR Project to a third party.

Cangold is a junior exploration company engaged in the exploration and development of gold projects in Mexico and Canada. Cangold trades on the TSX Venture Exchange under the symbol CLD.

About Vista Gold Corp.

Vista's principal assets include its flagship Mt Todd gold project in Northern Territory, Australia, and an 11.2% holding in Midas Gold Corp. In addition to non-core projects in Mexico and California, Vista holds royalty interests in projects in Bolivia and Indonesia. including such things as Cangold complying with its obligations under the Option Agreement (including making contemplated payments, maintaining the concessions and complying with MGS' obligations to the Ejido), Cangold's potential decision to put the GdlR project into production, Vista's ongoing interest in the GdlR Project and other such matters are forward-looking statements and forward-looking information. The material factors and assumptions used to develop the forward-looking statements and forward-looking information contained in this press release include the following: ability of Cangold to make payments contemplated in the Option Agreement, approved business plans, anticipated and estimated costs and budget expenditures to continue to optimize and advance the Company's core assets, the perceived extent and duration of the current weakness of gold equity securities and other such matters. When used in this press release, the words "optimistic," "potential," "indicate," "expect," "intend," "hopes," "believe," "may," "will," "if," "anticipate," "would," "could," and similar expressions are intended to identify forward-looking statements and forward-looking information. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Vista to be materially different from any future results, performance or achievements expressed or implied by such statements. Such factors include, among others, risks relating to Cangold's ability to obtain financing (if at all), risks related to Cangold's determination to put the GdlR Project into production, uncertainty of resource estimates, estimates of results based on such resource estimates; risks relating to completing metallurgical testing; risks relating to cost increases for capital and operating costs; risks related to the timing and the ability to obtain approval of the environmental impact statement and the necessary permits for the Mt Todd gold project, risks of shortages and fluctuating costs of equipment or supplies; risks relating to fluctuations in the price of gold; the inherently hazardous nature of mining-related activities; potential effects on Vista's operations of environmental regulations in the countries in which it operates; risks due to legal proceedings; risks relating to political and economic
