Vista Gold Corp. Announces Submission Of Final Environmental Impact Statement For Mt. Todd Gold Project

DENVER, Nov. 6, 2013 /[PRNewswire](#)/ -- Vista Gold Corp. (TSX & NYSE MKT: VGZ) ("Vista" or the "Company") today announced that on Friday it submitted the Mt. Todd gold project's Final Environmental Impact Statement ("EIS") to regulators in the Northern Territory, Australia.

Frederick H. Earnest, President and Chief Executive Officer, commented, "Following the conclusion of the public consultation process, the Vista team has worked diligently to compile responses to comments received on the project's initial EIS. On Friday in Australia, we submitted the completed EIS for final review to Northern Territory regulators. We continue to anticipate approval of the project's EIS around year-end.

Mr. Earnest continued, "This is an achievement of a significant milestone and continues our strategy of advancing the Mt. Todd gold project toward a 'development-ready' status."

About Vista Gold Corp.

Vista is a gold company currently conducting a strategic review of its portfolio of gold assets, and is focused on advancing its flagship Mt. Todd gold project in Northern Territory, Australia. Vista's portfolio of assets also includes a 24.9% holding in Midas Gold Corp., the Guadalupe de los Reyes gold/silver project in Mexico (a preliminary economic assessment was completed in March 2013), the Awak Mas gold project in Indonesia (OneAsia Resources Ltd. working to earn an 80% interest), a royalty on the Amayapampa gold project in Bolivia (being advanced by LionGold Corp. Ltd.), and the Long Valley gold project in California. For more information about our projects, including technical studies and resource estimates, please visit our website at www.vistagold.com.

Forward Looking Statements This press release contains forward-looking statements within the meaning of the U.S. Securities Act of 1933, as amended, and U.S. Securities Exchange Act of 1934, as amended, and

forward-looking information within the meaning of Canadian securities laws. All statements, other than statements of historical facts, included in this press release that address activities, events or developments that Vista expects or anticipates will or may occur in the future, including such things as, timing for approval of the EIS for the Mt. Todd gold project, the ongoing strategic review of the Company's portfolio of gold assets, and other such matters are forward-looking statements and forward-looking information. The material factors and assumptions used to develop the forward-looking statements and forward-looking information contained in this press release include the following: timing and the ability to obtain approval of the EIS and the necessary permits and other such matters. When used in this press release, the words "optimistic," "potential," "indicate," "expect," "intend," "hopes," "believe," "may," "will," "if," "anticipate," and similar expressions are intended to identify forward-looking statements and forward-looking information. These statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of Vista to be materially different from any future results, performance or achievements expressed or implied by such statements. Such factors include, among others, uncertainty of resource estimates, estimates of results based on such resource estimates; risks relating to completing metallurgical testing; risks relating to cost increases for capital and operating costs; risks related to the timing and the ability to obtain approval of the EIS and the necessary permits for the Mt. Todd gold project, risks of shortages and fluctuating costs of equipment or supplies; risks relating to fluctuations in the price of gold; the inherently hazardous nature of mining-related activities; potential effects on Vista's operations of environmental regulations in the countries in which it operates; risks due to legal proceedings; risks relating to political and economic instability in certain countries in which it operates; as well as those factors discussed under the headings "Note Regarding Forward-Looking Statements" and "Risk Factors" in Vista's Annual Report Form 10-K as filed on March 14, 2013 and other documents
